Supervisor 5th district	E. P. Gillmore of Point Arena

The Republican convention that met in this city last Saturday was well attended, nearly one hundred delegates appearing before the committee on credentials. The convention was called to order by Attorney J. L. McNab who stated the purpose in a short speech. William Hanen, editor of the Point Arena Record and a well known coast Republican, was selected as chairman and J. R. Elder, the accommodating and efficient deputy clerk through whose kindness the minutes of the convention that appear in another column were secured, was selected as secretary. His assistants were R. B. Funk and Gus Grant.

The routine business was proceeded with and everything went off in a very smooth manner. When it came to the election of officers the same harmony still prevailed and all the nominations were made unanimous. Supervsor Fairbanks had retired from the sheriff fight at the earnest solicitation of his constituents and consented to again become a candidate for supervisor in the third district. J. D. Ball who also had been mentioned for the nomination and had a following of coasters solid for him made way. Rawles therefore had a clear field.

For assemblyman L. B. Frasier graciously withdrew and made a neat speech in which he stated that he thought his action would be for the interests of harmony in the grand old party. After the applause died down the nomination of Assemblyman Held was made unanimous.

For the office of school superintendent the candidacy of L. W. Babcock was endorsed, which was no small tribute to the manner in which that genial gentleman was regarded. Such honor comes to but few and his friends are satisfied that they will not be disappointed in him.

The memory of the late lamented sheriff, J. H. Smith, was also honored by the introduction of resolutions of respect and the adoption of them by rising vote—a splendid recognition of the virtue of a man who had risen above the narrowness of party lines.

The candidacy of C. M. Hammond of Lake county for state senator was enthusiastically endorsed by the convention. Tne courtesy of the floor was extended to him and he made a speech that carried the force of conviction without the pump handle jestures of the stump politician usually so inappropriate ahd disgusting to the audieuce. His commanding appearance and pleasant manner indicate that he will be a favorite with the voters and that he will be a valuable representative to this section of the countro in the halls of the state legislature.

Duncan McKinlay, that incomparable representative of this district in the halls of congress was also endorsed and in his speech of thanks held the audience spell bound and brought bome to the members of the assemblage that he was the man needed. As a getter he has had no equal as the needed appropriatitns that other representatives have labored for in vain have been easily secured by him. His record in congress has been unequaled by any other representative during his first term and the genaral sentiment is that he is the right man in the right place.

Assemblyman Held, whose announcement appears in another column also addressed the convention and pledged himself to watch the interests of Mendocino county. His record in the assembly has been such that his friends feel that he should be re-elected. His speech was pleasing and was well received.

Prof. L. W. Babcock was extended the privileges of the floor and heartily thanked the convention for the endorsement which he regarded very highly, needless to state. It is also needless to state that his endorsement was greatly appreciated by his former scholars both of the high and grammar schools of this city.

Chairman McNab of the central committee also made a pleasing address in his usual manner. His efforts on the central committee also were recognized by the convention by a vote of thanks and in fact so highly was he regarded by this body that he was again elected to the chairmanship and will handle the rudder of the party this year steering on a course that will lead to victory for the entire ticket. The efficient work of secretary Elder and his assistants, Funk and Grant, who handled the minutes in such an able manner were also recognized by a well earned vote of thanks.

In the evening the visitors were entertained at a banquet at Hotel Cecille—a fitting termination for the labors of the day. At 10 p. m. the guests marched into the dining room to the strains of the Spjuth orchestra of Willits. The scene was one to please the eye and gladden the inner man. The tables were spread in the form of a hollow square and loaded with edibles. The speakers of the evening were seated at the end near the entrance. After the banquet had received the proper attention Toast-Master F. C. Handy took charge and addresses were made by Congressman McKinlay, C. M. Hammond, Judge Sayre, Assemblyman Held, P. I. Lancaster, Jas. Wood, William Hanen and J. L. McNab. At the midnight hour the guests departed amid cheers for the party and the ticket. The banquet was as fine a one as was ever spread in this city and in addition to being under the personal supervision of Mine Host Cosgrove was attended to by William Battersby of Healdsburg, o ne of the most popular caterers in the state.

REA NOMINATED FOR ASSESSOR

In this issue appears the announcement of Joseph N. Rea as the regular nominee for assessor on the Republican ticket at the coming county election. Mr. Rea is the present treasurer and has filled the office with honor to himself and the entire satisfaction of his constituments. In fact so well has he done that it was the general sentiment of his friends that he should as they say be promoted. The nomination for assessor was therefore tendered him at the convention and yielding to the wishes of his friends he accepted it.

During his incumbency of the treasurers office he has handled as a matter of course thousands of dollars, in fact more than any other official in the county, and during his time there has never been a descrepency of a cent. His books have come to be known as models of neatness and if there is any difference in the accounts of the officials there is never any question over Joe Reas books.

The office to which he now aspires is one of the most important in the county as it is the assessor who regulates the tax rate. In fact the success and justice of the tax system of the county depends on the integrity of the assessor. It is a position to which only the tried and true should be elevated. . .

In the selection of Joe Rea for this position the party has made no mistake in the man. He is amply qualified and his personal popularity insures that he will be a winner. As it was four yeaas ago, so will it be this time—his majority will be one of the largest on the ticket.

Driving Club Organized.

The Ukiah Driving club was organized in this city Sunday by the election of Tom Charlton, the veteran horseman, as president. Frank Wilson was elected secretary and Col. Abe Marks, E. B. Gibson and Robert Duncan were appointed a committee on by-laws. Warren DeMerrit was elected an honorary member and appointed collector for the club. The initiation fee was put at $2. The club already has a membership of about fifty and several more horse owners are going in. The race track has been secured and will be put at the disposal of the members. The club should be productive of a great deal of good and will undoubtedly encourage the breeding of more good stock.

Skating in Full Blast.

Wilson's skating rink was opened at Mark's opera house Tuesday night and the hall was filled with skaters and spectators. Mr. Wilson reports that he has six dozen pairs of skates and that they were all kept busy. The Ukiah band was in attendance and furnished music for the occasion. From the way in which skating has caught on it promises to be one of the popular fads and you will not be in it unless you know how. The rink will be opened afternoons and evenings. In the afternoon beginners are given a chance and competent instructors are on hand to teach the young idea how to skate.

Tried to Drown Children.

William Ware brought Mrs. Pyorre over from Fort Bragg this week to be examined in regard to her sanity. Last Saturday she attempted to drown her three infant children by throwing them into the well. The little ones were discovered by the neighbors and rescued.

Stage Travel Good.

G. A. Boyd was over from Mendocino last week on business connected with the stage line run by Boyd & Daniels. He reports that the travel over the road is good despite the adverse prospects at the beginning of the season.

THE SOLAR SYSTEM.

Some Facts Which Give an Idea of Its Immensity.

In all the heavens, with the exception of passing meteors or meteorites, not one body occupies a position closer to earth than the moon, which is some 240,000 miles away—very far, of course, side by side with any earthly distances, but a mere fraction side by side with other astronomical distances. Next to the moon our nearest occasional neighbor is Venus, and then Mars. Both Venus and Mars, however, are often farther away from us than the sun, which remains always at somewhere about the same distance, roughly at from 90,000,000 to 93,000,000 miles.

This dividing space between sun and earth is of great importance in thinking about the stars, and it should be clearly impressed upon the mind. Next to the sun in point of nearness come the more distant planets—Jupiter, which is about five times as far from the sun as our earth is; Saturn, nearly twice as far as Jupiter; Uranus, nearly twice as far as Saturn, and Neptune, nearly three times as far as Saturn. All these planets belong to our sun, all are members of his family, all are part of the solar system. The size of the solar system as a whole, consisting thus of the sun and his planets, including our earth, may be fairly well grasped by any one taking the trouble to master two simple facts. They are these, that our earth is roughly about 92,000,000 miles away from the sun and that Neptune, the outermost planet of the solar system, is nearly thirty times as far distant from the sun as our earth is.—Chambers' Journal.

Two very great swells, one a young duke and the other a young viscount, brushed against each other one night at the theater. The duke, anxious to snub the viscount, pretended to take him for an usher and said, holding out his hand, "Have you a programme?" But the viscount, too quick for the duke, smiled and replied: "Yes, thank you, my man. I got one from the other fellow."

How He Told It.

Papa—Is the teacher well satisfied with you? Toby—Oh, quite. Papa—Did he tell you so? Toby—Yes. After a close examination he said to me the other day, "If all my scholars were like you I would shut up my school this very day." That shows that I know enough.—Indianapolis Star.

J. J. Smalley was over from Anderson this week on a business visit He also attended the Republican county convention and banquet and reports a very enjoyable time.

John Lee Rector, one of Anderson valley's prominent residents and black Republicans, was over this week having come by way of Cloverdale. He took in the Republican convention while here and is now satisfied that he is now able to pick most of the winners.

Mrs. S. S. McGarvey returned this week from an extended visit to friends and relatives at San Francisco.

Major Hamm, editor and manager of the Constituationalist, Eminence, Ky., when he was fiercely attacked, four years ago, by Piles, bruoght a box of Buckle's Arnica Salve, of which he says: "It cured me in ten days and no trouble since." Quickest healer of Burnes, Sores, Cuts and Wounds 25c at. J. R. Mathen's Pharmacy.

If you buy your jewelry at Ewerts remember that he guarantees it.

Mr. and Mrs. B. N. Springer were down from Potter last week and Mr. Springer attended the Republican convention where he received the nomination for surveyor. He is already working hard for votes and his prospects look bright. He is a surveyor of over thirteen years experience and has done a great deal of work in this county. Wherever his work haa been tested it has been found to be as correct as it is possible to do in this mountainous country. He is still in the prime of life and is well able to take care of the county's business in that line.

C. W. Matthews was down from his home near Potter last week and is very enthusiastic over his prospects for being elected auditor. He is thoroughly competent and is making a good canvass of the county.

W. S. Van Dyke of Covelo was compelled to return home immediately after the convention to attend to business interests. He is the Republican nominee for tax collector and promises to leave no stone unturned to land the office. It is predicted that he will get the handsomest majority that a Regublican ever carried out of Covelo.

E. P. Gillmore, the Republican nominee for supervisor in the fifth district, was in this city last week. He was in a hurry to get back home and go to work. The district is safely Republican and his election is assured.

Mrs. Tutt and Miss Tutt returned last week from a visit to friends and relatives in the bay cities. They report a very enjoyable trip.

Supervisor Fairbanks of the third district was in town this week in attendance of the regular meeting of that body. His action in withdrawing from the contest for sheriff is highly commended by his friends and there was no fight in the convention over the office and it will thus leave the whole party in a position to line up and support Alex Rawles. As Gordon Baechtel who had announced that he would be a candidate for the office of supervisor decided not to enter the race the delegates from the third district insisted on Supervisor Fairbanks again accepting the nomination. His record as a supervisor is splendid and his election is assured.

C. F. Page was down from Willits this week on a business trip. He reports that he has just disposed of his ranch at a good figure and will move to town where he has several jobs of plastering in view. He has been offered a flattering position to handle a crew of men below but thinks that he will stay with Mendocino county.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Charles Briggs of San Francisco came up to see his mother and sister who are visiting C. W. Mathews at his home near Eel river.

R. M. English, son-in-law of J. G Bush has moved into the valley and is making preparations to put up a new residence. As the Bush ranch has been divided up in shares the children are making homes near each other. Soon they will have a village worthy of a name. We would suggest Bushville.

Eugene Holbrook, for many years the popular clerk in J. M. Robert's store, has given up his position and gone out into the political world. On Friday last he took his wife and two little daughters to Ukiah to attend the Republican canvention. He returned Sunday night with a light heart and painless head for he won the nomination at the conventfon. Although we hate to part with Mr. Holbrook and his efficient assistance in many instances we wish him success in his undertakings.

Mrs. Alice Pickle returned to her home in Coalinga after being summoned here to attend the funeral of her mother, Mrs. Jas. Wattenberg.

Mrs. Ed Lamb of Ukiah, J. Watenberg of Cold Creek, Ed and Tod Wattenberg from the Hot Springs road came over to attend the funeral of their mother, Mrs. Jas. Wattenberg.

Mrs. Amelia Watson has been for some time at the sanitarium of Robert Cleveland where she went to have a cancer removed She is now looking well and has accepted a position at Lierleys resort.

Dr. T. P. Hopkins has taken two outings at his summer resort on San Hedrim during the hot weather.

Mrs. Alta Basford returned home from Witter Springs to her mother, Mrs. J. Thornton.

Mrs. H. Slingerland and her brother, K. Lamb, returned home after a short stay at Witter springs.

NEW CHURCH TO BE DEDICATED

St. John's M. E. church has undergone many changes during the last four months and now appears a credit to the city and the membership in particular. There is no part of the church that has not received some attention. The audience room makes a splendid appearance with its beautiful and commodious choir loft. The Sunday school room on the south is in every respect ideal. The pastor's study, kitchen and toilet are additions that are convenient in every detail.

The church has been repaired both within and without, the interior handsomely repapered and refurnished with carpets and pews though the latter are yet incomplete. The rewiring and fixtures have had careful thought and without doubt this is the best lighted church in the city. A splendid new organ has been added the tone of which is all that one could desire. Generally speaking Ukiah has quite a modern church in St. John's.

The pleasing feature about this enterprise is the fact that the church has funds enough subscribed to meet all the obligations in making this transformation and when the day of decication arrives it will not be necessary to raise money to pay for the improvements.

Next Sunday is the day for the formal opening. Dr. D. R. Dille of Oakland has been secured to occupy the pulpit both morning and evening and the fact that he is an orator of rare ability whose services are sought throughout the country and should draw two large audiences.

A special musical program under the direction of Mrs. T. J. Weldon is being prepared for both services. The Epworth league will have for their guests all the young peoples societies of the city. The meeting will be held at 7 p. m. and a cordial invitatation is extended to all the young people of the city to be present on this occasion. X

RAILWAY STATE TAXES RAISED

STATE BOARD OF EQUALIZATION MAKES BIG INCREASE IN ASSESSMENT.

A tax of 3¾ Per Cent on Broad Gauge and 3¼ Per Cent on Narrow Gauge Is Levied.

Sacramento, Aug. 7.—The State Board of Equalization has raised the assessment of the railroads of the State $11,190,635. President Brown in his opening statement said that they had decided to follow the plan outlined by the State Tax Commissioner of a tax on their gross earnings of 3¾ per cent on broad guage and 3¼ per cent on narrow guage. In addition to this amount, the County Assessors who have the assessing of all spurs and side tracks add to this amount $3,793,891, making a total raise of $14,984,526. The individual raise in the roads is as follows: Southern Pacific, $2,810,447; California Northwestern, $309,649; North Shore, $261,862; Atchison, Topeka and Santa Fe, $6,137,098; San Pedro, Los Angeles and Salt Lake, $1,131,100; Pacific Coast, $59,645; Nevada, California and Oregon, $28,511; Sierra Valley, $6,435; Nevada County Narrow Gauge, $18,057; Sierra Railway of California, $215,845; Western Pacific, $7,821; Boca and Loyalton, $86,055; Empire Redwood Co., $17,000; the Pullman Co., $100,000.

RUSSIA CHECKS REVOLUTION

Government Has Practically Crushed Organization of Strike Leaders.

St. Petersburg, Aug. 7.—Late this afternoon it was evident that the Government had practically succeeded in crushing the organization of the strike leaders. The Central Committee of the Social Democrats was captured and placed in prison, and the greatest confusion prevails in the revolutionary camp. The hope of the revolutionists is now centered at Moscow.

The St. Petersburg Railroad Committee has decided to await the result of the strike at Moscow before attempting to order out the men. Tomorrow is now the day on which they say the railroad strike will begin. The employes of several of the street railway lines who struck Saturday have resumed work.

The Perfect of Police of Cronstadt, acting under the authority of the commander of the fortress, has notified the striking longshoremen that unless tney return to work they will be expelled from the island.

The principal danger is expected from the South of Russia, from which the tide might sweep northward.

Roosevelt Has Many Guests.

Oyster Bay, L. I., Aug. 7.—President Roosevelt entertained the largest luncheon party yesterday which has gathered at Sagamore Hill this season. The guests were Mr. and Mrs. William J. Youngs, Mr. and Mrs. George J. Smith of Gold Springs Harbor, Representative W. W. Cocsk of the First New York District, and John A. Steicher, editor of Leslie's Weekly.

Harlan to Be Chairman.

Chicago, Aug. 7.—James S. Harlan of Chicago, son of Associate Justice Harlan of the United States Supreme Court, will probably be made chairman of the reorganized Interstate Commerce Commission. He was recently made a member of the commission under the new law and is prominently mentioned for the chairmanship.

ROBBER KILLS TONOPAH MAN.

Desperado Beats Another Insensible and Then Makes His Escape.

Tonopah, Nev., Aug. 7.—Stuart Burney, a prosperous teamster operating between here and Manhattan, was killed Sunday night in the corral of the Headlight stable, near the depot. John Keman, another teamster, was fatally beaten. Both men were attacked with gas pipe. Robbery was the motive. Burney always carried a large sum of money, and was known to have had several hundred dollars at the time.

Burney arrived at Manhattan Sunday night, carrying as passengers Leo Swart and Lowney Bennett. Swart slept in the wagon under which Burney was killed. He was arrested, but declared he knows nothing of the crime. He admits meeting Bennett near the depot in the morning. Bennett had said not to tell any one he had seen him.

The dead man's clothes were stripped from his body and found a distance from the track. His pockets were rifled. Keman's skull is fractured and it is said that he cannot live.

The authorities have wired Carson to arrest Bennett if seen at that place.

PULAJANES REBELLIOUS

REBELS IN PHILIPPINES SET FIRE TO MUNICIPAL BUILDINGS.

Manila, Aug. 7.—One hundred and fifty Pulajanes pierced the military cordon, burned the municipal buildings, killed the ex-president of the town, two former members of the constabulary and three policemen at Abuyon, Island of Leyte, 20 miles from the scene of the recent fight. One hundred soldiers and constabulary are in pursuit of the raiders.

Major Crawford and Captain Knauber, with a lieutenant and eight constabulary men, were ambushed by Igorrotes while shooting the rapids of the Abulung river, in North Luzon, in a bamboo raft. Major Crawford and Captain Knauber and five men were wounded with arrows. They were unable to return the fire because the enemy were hidden in the wooded banks of the river. The outbreak is unexplicable, as hitherto the Igorrotes have been peaceable.

STRUCK BY TRAIN.

Mrs. Mayhew of Niles Is Severely Injured in Accident.

Niles, Aug. 7.—Yesterday afternoon Mrs. H. A. Mayhew of the prominent family of that name in this place, was nearly crushed to death by a train on the Southern Pacific which was backing into the depot after rounding the curve in the eastern part of town, having just arrived from San Jose.

Mrs. Mayhew was crossing the track near the depot at the time the backing train reached the roadway. The surrey in which she was riding was struck by the train. Mrs. Mayhew was thaown out and suffered a number of bruises and sustained several cuts on the face and limbs. The horse was thrown a distance of about twenty feet, and a portion of the car platform was torn away.

Hot Weather in New York.

New York, Aug. 7.—With temperature 76 degrees and huminity 83 per cent this forenoon to-day promised to prove as oppressive in New York as yesterday, which recorded the hottest day of the year. Three deaths and many prostrations were reported early today and thousands hastened to nearby resorts in quest of cooler atmosphere. One man while asleep on a fire escape fell to the street below and was killed last night.

Lieutenant to Be Court-Martialed.

Washington, Aug. 7.—Lieutenant Edward H. Dunn of the navy has been ordered to appear before a court-martial at Mare Island, Cal., on a charge of "scandalous conduct." Rear Admiral Merrill Miller will be president of the court and Richard M. Cutts judge-advocate.

It is alleged that Lieutenant Dunn took women on the receiving ship at Mare Island in violation of the naval regulations.

Draw Bridge Damaged.

Oakland, Cal., Aug. 7.—The steam schooner Wasp, loaded down with lumber, crashed into the Southern Pacific Company's $100,000 steel railroad bridge spanning the estuary at Harrison street yesterday and damaged the heavy structure to the extent of several thousand dollars.

Drives in Front of Moving Car.

Stockton, Cal., Aug. 7.—Edward Gannon, the 18-year-old driver of a butcher wagon of the Eldorado Market, drove in front of a box car making a flying switch at the Southern Pacific yards yesterday and was injured probably fatally. The horse was killed.

BANK LOOTED OF $700,000

CHICAGO INSTITUTION SUSPENDS BUSINESS WHEN DEPOSITORS WANT THEIR MONEY.

The First Intimation of Trouble Was the Appearance of Twenty Policemen About the Building.

Chicago, Aug. 7.—The Milwaukee-avenue State Bank, one of the largest outside of the downtown district, and having deposits of over $3,000,000, yesterday closed its doors, following a run on the institution. The first intimation of trouble was the appearance at the bank of twenty policemen, who had been dispatched to prevent anticipated disorders, the police department having been notified officially that one of the officers of the bank had absconded.

The suspicion of the depositors was aroused by the sight of the policemen stationed in front of the bank, and in a short time large numbers of those who had funds in the bank appeared and demanded their deposits. At one time the run assumed the proportions of a riot, but the turbulance of the crowd was finally quelled by the police.

The news of the suspension spread rapidly and soon several of the smaller banks in the vicinity were besieged by depositors.

Henry W. Herring, cashier of the bank is missing, and a warrant charging embezzlement has been sworn out. At the same time State Bank Examiner C. C. Jones issued a statement to the effect that the whereabouts of three officers of the bank is unknown, and that the bank is without an official head.

The patrons of the bank are mostly Polish working people, who abound in the neighborhood. Since the closing of the Chicago National Bank some time ago the Milwaukee-avenue bank has cleared through the American Trust & Savings Bank.

The bank has been looted to the extent of $700,000. This amount of bogus notes was found, it is stated, by a member of the Clearing House Committee and that the trouble was first revealed by the president of the bank himself, Paul O. Stensland.

COUNTERFEITER ARRESTED.

Manufacturer of Bogus Dollars Runs Plant in the Wilds of Tehama.

Red Bluff, Cal., Aug. 7—Secret Service Agent H. M. Moffit and Sheriff Jud W. Boyd have arrested a self-confessed counterfeiter and unearthed the plant where the spurious coin was manufactured. Otto Porcina admits having coined a large number of dollars of base metal in a barn near the Thomas Cockburn place on Thomas Creek, between Henleyville and Paskenta, and a large quantity of dies and other appliances were discovered there by the officers.

Porcina and Harry Barnes of Vine were arrested at the latter place on the charge of passing counterfeit money, and 33 of the bogus coins were found in their possession.

NOLAN IS EXONERATED.

Sonoma County Board of Education Says Principal Is Not Guilty.

Santa Rosa, Aug. 7.—Last night the trial of Principal W. C. Nolan before the Sonoma County Board of Education ended, and at the conclusion of the testimony the board passed a resolution declining to recommend to the State Board that it revoke Nolan's life diploma as a certificate. Nolan was charged by Dr. A. E. Byron with unprofessional conduct with certain of his pupils. Many witnesses were examined.

It is not thought that the State Board will do anything except indorse the findings of the County Board, and that the case will end there.

Aliens in Old London.

Here is a curious report of the aliens in London in the year 1567: "There being a great increase of foreigners in the city, her majesty ordered the lord mayor to take the name, quality and profession of all strangers residing within the city of London." The list was headed by the item, "Scots, 40." Other nations were represented by "French, 428; Spaniards and Portuguese, 45; Italians, 140; Dutch, 2,030; Burgundians, 44; Danes, 2; Liegeois, 1."

Shark's Tail For Luck.

Attached to the extreme end of the bowsprit of a sailing vessel there may sometimes be seen a piece of some material that looks remarkably like leather. This seeming piece of leather is really a shark's tail. It is placed there because the sailors think that it augurs good luck, believing that pleasant voyages will be their lot while it remains there. Instead of the bowsprit the tail is at times nailed to the top of one of he masts.—London King.

Bliss Native Herbs

THIS famous household remedy is not a "patent medicine" in any sense—but a delightful combination of roots, herbs and barks such as our grand parents used for Rheumatism, Indigestion, Torpid Liver, Blood Diseases and a run down system. Its simple ingredients are as harmless as milk. It contains no minerals, no alcohol, no poison of any kind. Bliss Native Herbs Tablets are free from coating and begin their healing work as soon as swallowed. Many people in this locality have used them. Many more testify in our Almanac, to be had free of cost. Each box contains 200 tablets for $1.00 and a printed Guarantee to cure or refund the money. The medicine is not sold in drug-stores, but only by

MRS. MAYBRICK LOOKING YOUNG

Fresher and More Youthful Than When Released From Prison.

New York, Aug. 7.—Mrs. Florence Maybrick, who, traveling under the name of Chaney, a slight variation of her maiden name, arrived last night on La Gascogne, tried in every way to keep her identity a secret, but finally acknowledged it and said she had been abroad three months. While not directly acknowledging that she had visited England, she said:

"It is logical to acknowledge that the three months I have spent abroad have not been passed on the continent all the time."

Mrs. Maybrick presented a remarkably different appearance last night than she did a year ago last February, when she arrived here fresh from her long term in the English prison. She seemed to be at least a dozen years younger. Her sole worry appeared to be that her identity would become known to those on the La Gascogne.

"Any publication of my arrival here may upset all my plans," said Mrs. Maybrick. "I cannot say what I have been doing abroad. I can neither affirm nor deny anything."

This was in response to a query as to whether she had been in England to establish her innocence of any connection with the death of her husband, for which she received a life sentence.

SHOUT "KILL GRINGOS"

MEXICANS ENDANGER LIVES OF AMERICAN RAILROAD EMPLOYES IN REPUBLIC.

Fort Worth, Tex., Aug. 7.—"Viva Mexico! Mata los Gringos!" is the cry of the League of Mexican Railroad Employes, and translated it is "Long live Mexico! Kill the Americans!" "El Grito," the festival in memory of Mexican Independence Day, September 16, is believed to be the date for a demonstration against Americans and all other foreigners all over the republic.

Tourists are unwelcome in Mexico this summer. Even the peons of the capital city are said to form parades and march through the streets of the city carrying red flags and banners, crying "Mata los Gringos!" On the other hand, it is asserted that the Government is thoroughly conversant with every move made by the revolutionists, who have not made any open attack on foreigners to date.

The Governors deny emphatically any connection with the organization.

Ben Johnson, superintendent of motive power of the Mexican Central road, has received anonymous notices to "clear out," as has Charles R. Hudson, vice president of that road. The situation is admittedly near a crisis.

TOUCHING FOR KING'S EVIL.

Extent of the Custom In the Seventeenth Century.

Between the years 1661 and 1682 as many as 92,107 persons were touched for the king's evil. Each of them received a gold coin, with a hole in it, which—the coin, not the hole—"was suspended from the neck by a ribbon." It became necessary to limit the number of patients to be touched, and at last no person was allowed in the king's presence for that purpose who had not previously obtained a certificate from the minister of the parish in which he or she lived that he or she was suffering from the disease.

"Hambledon, Bucks, 1685, May 17. Mary Wallington had a certificate to go before the king for a disease called the king's evil."—Parish Registers, Page 81, R. E. Chester Waters.

From a proclamation issued by Charles II., dated Jan. 9, 1683, appointing the times at which the touch should be administered:

"And all such as shall hereafter come or repair to the court for this purpose shall bring with them certificates under the hands and seals of the parson, vicar or minister and of both or one of the churchwardens, testifyng according to the truth that they have not at any time before been touched by his majesty to the intent to be healed of their disease. And all ministers and churchwardens are hereby required to be very careful to examine into the truth before they give such certificates and also to keep a register of all certificates they shall from time to time give."—London Notes and Queries.

Sea Salt.

It seems that the sea was made salt in the beginning as a part of the grand design of the Creator to provide for the system of evolution which has been going on since the creation. Many distinct species of living organisms exist in the sea as a result of its salinity, and their remains have largely contributed to the growth of continents. The three great factors in accounting for the system of currents in the ocean by which it becomes the great heat distributer of the globe are changes of temperature, the winds and salinity. The last mentioned becomes an important factor through the immediate and essential differences of specific gravity and consequent differences of level that it produces in different parts of the ocean through the action of evaporation and rainfall.
